

ACCREDITED ENGLISH LANGUAGE CENTRES

ENGLISH OPENS DOORS

COME TO STUDY ENGLISH IN THE UK

Every year, more than 600,000 people come to the UK to learn English, to enhance their careers and to further their knowledge.

The UK is the home of the English language and has a long tradition of providing an excellent standard of education.

The UK is a creative, fresh and inspiring destination to learn English. It offers countless entertainment and leisure opportunities in beautiful and varied surroundings.

ACCREDITATION UK – WHY CHOOSE AN ACCREDITED CENTRE?

Accreditation UK is the quality assurance scheme for English language centres in the UK. The scheme is managed by the British Council in partnership with English UK.

The British Council monitors and works to improve standards in management, teaching, premises, resources and student welfare. Regular inspections, including unannounced spot checks, are carried out by independent English language teaching experts. British Council inspections ensure centres continue to offer high-quality services and facilities. Look out for the 'accredited by the British Council' logo when choosing a centre so you can be assured the centre has met our high standards.

The British Council has an independent complaints procedure in case a student has a problem with a centre at which they are studying. In the rare event that an accredited centre closes, a Student Emergency Support Fund ensures that students can complete their learning at an alternative accredited centre.

British Council centres offer a wide range of courses all over the UK, including General English, Business English, English for Specific and Academic Purposes and Vacation Courses. Students will be able to find a course that suits them – no matter what age or level they are – in a range of centres, including private language schools (of all sizes), multi-centre summer schools, colleges, universities, boarding schools and home tuition. Our centres are in large lively cities, pretty coastal towns and in the relaxing countryside. We really do have something for every individual student.

For more information on British Council inspections and the quality assurance scheme, check the Quality Assurance section of the *Agents Guide*.

Remember to check the Accreditation UK website www.britishcouncil.org/accreditation for the latest version of this list.

(HO) When this appears next to the name of a centre, the location listed is the head office. Teaching takes place at one or more centres in other locations. Please check the centre's website for more information.
