

2018 ETWINNING QUALITY LABELS

eTwinning Quality Labels are granted to teachers with excellent eTwinning projects and indicate that the project has reached a certain national and European standard. Projects may be nominated by a National Support Service to receive a European Quality Label if two or more partners have received a National Quality Label for the project. Once awarded, the project is then eligible to be nominated for the eTwinning European Prize Competition.

The projects involving a UK school awarded a European Quality Label in 2018 are:

ENGLAND

Teacher First Name	Teacher Surname	School	Project Name
