

Appendix 1: Endorsements

The recommendations set out in 'Our Shared European Future' were shared with over 550 sector organisations across Europe, between 05-26 June 2017. Recipients were invited to contribute their views and offer their endorsement.

Over 600 organisations and representatives across 30 European countries endorsed the recommendations, of which the following 580 agreed to lend their names to mark their support. A further 40 organisations expressed their support but were unable to officially endorse the recommendations in the time-frame.

Partners and members of the public can continue to show their support at the following website: <https://www.britishcouncil.org/eu-uk-culture-education-series/shared-european-future>
