**Recommendation**

We recommend continued accreditation. However, evidence must be submitted within three months to demonstrate that weaknesses in M18, W11 and S4 have been addressed.

**Summary statement**

The British Council inspected and accredited International House Newcastle in June 2023. The Accreditation Scheme assesses the standards of management, resources and premises, teaching, welfare, and safeguarding under 18s and accredits organisations which meet the overall standard in each area inspected (see [www.britishcouncil.org/education/accreditation](http://www.britishcouncil.org/education/accreditation) for details).

This large private language school offers courses in general and professional English for adults (18+) and young people (16+), for closed groups of under 18s and vacation courses for under 18s.

Strengths were noted in the areas of strategic and quality management, staff management, premises and facilities, academic staff profile, academic management, teaching, care of students and leisure opportunities.

The inspection report stated that the organisation met the standards of the Scheme.
Introduction

International House Newcastle is a well-established school which offers a range of courses to adults and young learners. It is part of the International House World Organisation (IHWO) but is an independent school which the current owners took over in 2005. The senior management roles have not changed since the last inspection. The academic management team currently comprises three members of staff, led by the academic director (AD).

The inspection took place over two and a half days. The inspectors had meetings with the managing director (MD), the marketing and executive director, the AD, the DoS, the operations and compliance officer, the enrolments administrator, and sales and marketing officer. Focus groups were held with a group of teachers and with adult students. All teachers timetabled during the inspection were observed, as was the Personal Study Programme (PSP) centre. One inspector interviewed two homestay hosts and visited one residence.

Address of main site/head office

7–15 Gallowgate, Newcastle NE1 4SG

Description of sites visited/observed

The school occupies a four-storey, Grade 1 and Grade 2 listed building in the centre of Newcastle. At street level, a lobby gives access to the stairs and a central lift. On the first floor, there is a large, open-plan administrative and reception area and the student common room. Floors two and three accommodate the school's 15 classrooms. On the top floor, there is a large teachers' room that includes an office for the AD, and a self-study room, which is mainly used for the delivery of the PSP. There are toilets on each floor.

Comments

The school offers year-round general English courses for adults and young people (16 and 17-year-olds), as well as examination preparation programmes, business English and courses for groups of under 18s. A junior programme for students aged 9–17 years is also offered in summer months.

Management profile

Overall management of the school is the responsibility of the MD, supported by the AD who works closely with the DoS and the senior teachers. Operations and compliance assists senior management, while administration and sales & marketing staff report to the marketing & executive director.

Accommodation profile

The school offers homestay and residential accommodation. All homestays are on bus or metro routes and never more than 20 minutes' travelling time to the school. Other accommodation is offered in two privately owned student residences within easy walking distance of the school and Newcastle city centre. Under 18s who are not living with family or friends must stay in homestay accommodation.

Summary of inspection findings

Management
The provision meets the section standard and exceeds it in some respects. The management of the provision operates to the benefits of the students and in accordance with the provider’s stated values. Staff development and quality assurance are well managed by the provider. Publicity generally provides clear and accurate information. Strategic and quality management and Staff management are areas of strength.

Premises and resources
The provision meets the section standard and exceeds it in some respects. The premises provide students and staff with a very comfortable learning and relaxation environment. A wide range of learning resources is available to students and thorough guidance is provided on resources to both staff and students. Premises and facilities is an area of strength.

Teaching and learning
The provision meets the section standard and exceeds it in some respects. The academic staff have a very appropriate profile for the school’s teaching context. Teachers receive excellent guidance and support and courses are structured to provide benefit to students. The teaching observed met the requirements of the Scheme. Academic staff profile, Academic management and Teaching are areas of strength.

Welfare and student services
The provision meets the section standard. The safety and well-being of students is taken seriously, and an ethos of tolerance and respect for all is evident in the school. Pastoral care is good, provided by experienced staff. Residential and homestay accommodation provide students with an appropriate living environment. However, there was no evidence that all the necessary checks had been carried out in homestays offered. A comprehensive and well-designed leisure programme caters to the needs and interests of all the students. Care of students and Leisure opportunities are areas of strength.

Safeguarding under 18s
The provision meets the section standard. The school has a clear and comprehensive safeguarding policy and effective staff training. Supervision systems are very effective. However, suitability checks and evidence of references were not in place for all homestay hosts at the time of inspection.

Declaration of legal and regulatory compliance
The items sampled were satisfactory.

Comments  
T23 Teachers demonstrated a very sound knowledge and awareness of the use of English. Detailed analysis of potential language issues were included in lesson plans. Parts of speech were clearly marked, marking of stress and clear examples of grammatical structures were also witnessed.  
T24 Course objectives and learning needs were taken into account. Some very good student profiles were produced and throughout the lessons there was an awareness of learning needs, including differentiation.  
T25 Learning outcomes were expressed well and shared with students and occasionally recap was built into lesson plans. Lessons were appropriately staged and materials led on to relevant homework.
A wide range of teaching techniques was witnessed including nomination, concept checking, drilling, checking understanding, reference to the virtual learning environment and elicitation. Lessons were also very well paced. Consistent error correction was carried out, including peer and self-correction. Good monitoring was witnessed throughout all lessons. There was good use of praise by teachers in most lessons. Lessons included activities and short tasks to determine whether learning was taking place. Students were fully engaged in the lessons. Teachers encouraged a positive learning atmosphere, personalised learning and displayed very good rapport with the students.

Classroom observation summary
The teaching observed met the requirements of the Scheme and ranged from excellent to satisfactory against the criteria, with the majority being good. Knowledge of the linguistic systems of English was sound, and all teachers were able to adapt their language to the students’ level. Lesson content was highly relevant to the needs and cultural background of the students, and led to very relevant learning outcomes. In all lesson segments observed, techniques were varied and appropriate, and students were fully engaged. Appropriate feedback was generally provided to students, and there were opportunities to evaluate learning in all lesson plans seen. Teachers’ sensitivity to individual and whole class needs resulted in a very positive learning atmosphere.

W23 Excellent information is made available to students about events happening in Newcastle through social media sites and notices in the school. Assistance and advice is offered to those who want to travel independently or to attend events not part of the scheduled programme.

W24 The leisure programme offers a wide variety of activities which take into account students’ backgrounds and interests. Many activities are free of charge making them accessible to as many students as possible.

W25 The leisure programme is seen as a very important part of the overall student experience of IH Newcastle and as such, is well resourced and organised. Staff working on the activities and excursions are very experienced staff who know the local area well.

Comments

At the time of the inspection there were eight students aged 16 and 17 enrolled on adult courses. This is typical of numbers year round. The school also offers a summer young learners homestay programme to students aged 12–17 and a Durham residential programme for students aged 8–17.

S1 A clear and comprehensive policy is in place detailing lines of reporting and responsibility. Information on safeguarding is displayed throughout the school and discussed at induction, making it very accessible to students. Guidance on safeguarding is given to everyone in the organisation, and to homestay hosts.
S2 The school has produced an excellent series of handbooks on safeguarding for homestay hosts, external providers and group leaders. The handbooks are updated regularly and provide very clear guidelines to all adults in contact with under 18s. All staff receive safeguarding training, as do all new homestay hosts.
S4 Although a safer recruitment policy is in place, suitability checks and evidence of references were not in place for all homestay hosts at the time of inspection.
S5 Good sensible arrangements and clear procedures are in place to ensure that attendance of under 18s is carefully monitored, absences are followed up swiftly and that under 18s do not take part in any scheduled leisure activities that might be age-inappropriate.

Declaration of legal and regulatory compliance

D1 The organisation certifies that it operates at all times in accordance with the declarations in the Declaration of legal and regulatory compliance.

The Accreditation Scheme requires accredited providers to comply with all applicable laws and regulations. Providers must take steps to ensure that they are aware of, and comply with, all existing and new legal requirements.

On initial application and annual renewal of accreditation, providers are required to confirm that they are complying with all applicable laws and regulations.
Inspectors will check a random sample of items during inspection, in relation to criterion D1; if they find evidence of a breach of statutory or other legal requirements, the provider will be required to submit evidence of compliance confirmed by the appropriate regulatory body.
Any breach of the law or regulations will be viewed seriously by the Scheme and may result in the withdrawal or withholding of accreditation.
Any sustained breach of the law or regulations which an accredited provider fails upon reasonable notice to remedy will result in accreditation being withdrawn.

Comments

D1 The items sampled were satisfactory.
