

Project Title Improving the System of Professional Development of Teachers and School Leaders in Estonia			
EU Project Reference REFORM/IM2020/026			
Project Summary <ul style="list-style-type: none"> • The British Council is partnering with the Ministry of Education and Science in Estonia and DG REFORM to improve the system of teacher and school leader education. • In order to raise competence levels of educators across the school system, this project aims to achieve the following outcomes: <ul style="list-style-type: none"> ○ The Estonian authorities are aware of the options to improve the governance of teacher and school leader education and how to implement the needs assessment and impact evaluation tools. ○ Schools and school owners are in position to provide clearer incentives for teachers and school leaders to participate in development programmes that are likely to have impact. ○ Teachers and school leaders have the necessary tools to identify their unique development needs and identify suitable training programmes. ○ A set of impact criteria and evaluation principles have been established which can be used to design, deliver and finance programmes that are likely to have impact.
