Summary statement

The British Council inspected and accredited Living Learning English in November 2021. The Accreditation Scheme assesses the standards of management, resources and premises, teaching, welfare, and safeguarding under 18s and accredits organisations which meet the overall standard in each area inspected (see www.britishcouncil.org/education/accreditation for details).

This was a compliance-only inspection during which the inspectors focused only on whether inspection criteria were met or not met. Inspectors did not evaluate the extent to which requirements were exceeded and no strengths were awarded. No new summary statement has been issued; please refer to the last inspection report for any areas of strength previously awarded.

The inspection report stated that the organisation met the standards of the Scheme.

Introduction

Living Learning English (LLE) is a home tuition provider with a head office based in Bristol. It also offers guardianship services for young learners. As homes are located across the UK, provision is supported where practical by a team of regional representatives, although currently the core team carry out the majority of the work required.

During the pandemic, provision was reduced, although some services were able to continue at different points during lockdown, with appropriate safety measures, because of the individualised nature of programmes, within teachers' homes.

The inspection involved two inspectors and took one day and a half day, spread across three days. Due to the global pandemic the inspection was conducted remotely. Meetings were held with the principal, the academic manager, the senior guardianship manager, the business development manager and one of the course managers. Documents held by head office were viewed.

Eight teachers and their homes were inspected. Each remote visit lasted approximately one hour and included a brief one-to-one discussion with both teacher and student, a tour of the home, and a class observation of approximately twenty minutes. Some documents held by teachers were also viewed.

Address of main site/head office

27 Portland Square, Bristol BS2 8SA

Description of sites observed

The head office was not seen, and staff were mostly working remotely. Eight teachers' home were viewed virtually; all included designated teaching and learning space as well as living accommodation.

Comments

A range of different courses are offered and created as bespoke programmes by teachers. Programmes are predominantly one-to-one, but two-to-one is also offered. The majority are general English courses for younger learners.

Management profile

The senior management team reports to the principal and consists of the academic manager, the business development manager/course manager, and the senior guardianship manager. Another course manager and the administration team also report to the principal. Academic consultants, regional representatives, guardianship managers and a business administrator support these main roles, and a further two posts – an accounts manager and an office manager – have been vacant during the pandemic. Teachers are self employed and their work is co-ordinated by the academic manager and other managers as appropriate.

Accommodation profile

Homestay is the only accommodation offered. It is always arranged by the organisation.

Safeguarding under 18s

Safeguarding under 18s	Met
S1 There is a safeguarding policy which specifies procedures to ensure the safety and well-being of all students under the age of 18. A named member of staff is responsible for implementing this policy and responding to child protection allegations.	Met
S2 The provider makes the policy known to all adults in contact with under 18s through their role with the organisation, and provides guidance or training relevant to its effective implementation.	Met
S3 The provider has written parental/guardian consent reflecting the level of care and support given to students under 18, including medical consent.	Met
S4 Recruitment procedures for all roles involving responsibility for or substantial access to under 18s are in line with safer recruitment good practice and the organisation's safeguarding policy.	Met

S7 There are suitable arrangements for the accommodation of students.	Met
S8 There are suitable arrangements to ensure contact between the provider and parents, legal guardians or their nominated representatives concerning the welfare of students.	Met

Comments

Most of the students were under 18 at the time of the inspection. This is generally the case, particularly during the summer and boarding school holidays.

The safeguarding policy is very thorough and widely available. There is a clear safeguarding management structure within the organisation. The designated and deputy safeguarding leads, as well as three managers are trained to specialist level. All host/teachers are required to train to basic level, renewable annually. Parents are given very detailed information about the level of care and the rules, suited to different age groups. There are very rigorous safer recruitment procedures in place for staff and host/teachers. Host/teachers are fully aware of their responsibilities regarding supervision, and support is always available from head office as needed. Currently, because of the pandemic, students are not allowed any unsupervised time, but normally there are clear rules that they and the hosts agree to. The home tuition accommodation is very suitable for under 18s and there are very effective arrangements in place to ensure as much contact as needed or wanted between the parents, legal guardians and the school.
