Determining treatment outcomes in African children with cleft lip and palate.	United Kingdom	Brazil	Biological and Medical Sciences
3-month fellowship in peadiatric surgey at King's College Hospital, London	Nigeria	United Kingdom	Biological and Medical Sciences
The immunological relevance of vitamin D to human health in Thailand and comparisons with the UK	United Kingdom	South Africa	Biological and Medical Sciences
Title of project: - Effect of environmental conditions on functional genes for lipid biosynthesis in microlage	United Kingdom	Indonesia	Biological and Medical Sciences
Phylogeny of Bluetongue virus (BTV) in Morocco: Characterization of New Reassortants	United Kingdom	Russian Federation	Biological and Medical Sciences
Responses to combined elevated temperature and pCO ₂ in larvae and juveniles of <i>L. littorea</i>	United Kingdom	Thailand	Biological and Medical Sciences

Study the tissue engineering and cell signalling of keratinocyte migration and development	United Kingdom	Morocco	Biological and Medical Sciences
Nutrition and neonatal care of preterm babies: role in survival and neurological development	Turkey	United Kingdom	Biological and Medical Sciences
Electron microscopy of the ultrastructural pathology of the P.coatneyi-rhesus macaque model of severe malaria	United Kingdom	United States	Biological and Medical Sciences
Development of a Cellular Assay for Screening Nigerian Medicinal Plants for Anti-Inflammatory Activity	Turkey	United Kingdom	Biological and Medical Sciences
Characterizing Mental Arithmetic Processing:Electroencephalography & Finite Element Method Approach	South Africa	United Kingdom	Biological and Medical Sciences
Investigating Nigerian Medicinal Plants: A Vital Source of Leads for Anticancer Drug Discovery and Development.	Russian Federation	United Kingdom	Biological and Medical Sciences
Mitigation of Waterborne Diseases through Rapid Detection of Microbial Pathogens.	Russian Federation	United Kingdom	Biological and Medical Sciences
Identification of Small Molecules that capable of altering senescent cell functions	Thailand	United Kingdom	Biological and Medical Sciences
Midwives' roles during the implementation of a delivery unit for low-risk women in Porto Alegre, Brazil: an ethnographic case study	Nigeria	United Kingdom	Biological and Medical Sciences
Studies on the endocytotic system of Trypanosoma brucei by RNA interference technology and super-resolution microscopy.	United Kingdom	Vietnam	Biological and Medical Sciences
Molecular and modal studies of skin carcinogenesis upon the Gli activation	United Kingdom	Colombia	Biological and Medical Sciences
Functional characterisation and High Throughput drug screen of the Plasmodium falciparum ER oxidoreductin 1 protein	United Kingdom	Brazil	Biological and Medical Sciences
Defining the zoonotic contribution to human rotavirus infections in Vietnam through whole genome deep sequencing	United Kingdom	Brazil	Biological and Medical Sciences
Collaborative research to develop growth compensating technology for use in children with heart defects	United Kingdom	Mexico	Biological and Medical Sciences
The evaluation of a prescribed achilles tendon rupture rehabilitation regime using temporal spatial parameters.	United Kingdom	Brazil	Biological and Medical Sciences
Targeting the c-Met Signaling pathway in HCC using functional polymeric nanoparticles	United Kingdom	Brazil	Biological and Medical Sciences

Effects of Liver Regenerating Protein Discovered	United Kingdom	South Africa	Biological and Medical Sciences
Methods of rehabilitation of hand functions after spinal cord injury	Pakistan	United Kingdom	Biological and Medical Sciences
Impact analysis through an intervention of involving/placing clinical/hospital pharmacists in the government hospitals in Bangladesh to improve patient care.	Bangladesh	United Kingdom	Biological and Medical Sciences
the effect of nigella on health	United Kingdom	Brazil	Biological and Medical Sciences
Mechanistic study of hydroxylation reaction by p-hydroxyphenylacetate hydroxylase	Thailand	United Kingdom	Biological and Medical Sciences
Optimisation of design parameters for electrochemical biosensors at nano-scale towards the detection of complex carbohydrates	Colombia	United Kingdom	Biological and Medical Sciences
Modelling the evolution of self-organised task-allocation using swarm robotics techniques	Pakistan	United Kingdom	Biological and Medical Sciences
Biodiversity in subtropical rocky shores: a macro-ecological approach to disentangle anthropogenic impacts and natural latitudinal patterns	Thailand	United Kingdom	Biological and Medical Sciences
Ecological study of free-living nematodes diversity and associated soil microbes in Mexico.	Brazil	United Kingdom	Biological and Medical Sciences
Interaction between genetic variation in the serotonin system and social behavioural traits in the development of vulnerability to affective disorders	Russian Federation	United Kingdom	Biological and Medical Sciences
Physical activity, fitness and the ageing brain	Russian Federation	United Kingdom	Biological and Medical Sciences
Characterisation of the putative malarial serine protease SERA5	United Kingdom	South Africa	Biological and Medical Sciences
Cryo and Tomographic EM Analyses of Crustacean Viral-Host Binding, Internalization and Infection Pathways	Russian Federation	United Kingdom	Biological and Medical Sciences
HIV-related chronic pain of predominantly neuropathic origin - opportunities for future research	Indonesia	United Kingdom	Biological and Medical Sciences
Development of control algorithms for multiphase direct ac-ac converters	United Kingdom	Nigeria	Engineering, Physical and Space Sciences

Geophysical fluid transport at high pressure and temperature: from computer simulations to experiments to natural systems.	Egypt	United Kingdom	Engineering, Physical and Space Sciences
Appropriate solar cooling and thermal storage options for buildings in Thailand	United Kingdom	Brazil	Engineering, Physical and Space Sciences
The way forward with enhancing vibration serviceability performance of floor structures	Colombia	United Kingdom	Engineering, Physical and Space Sciences
Prediction of deformation and residual stresses in quenched part	South Africa	United Kingdom	Engineering, Physical and Space Sciences
A recommendation model for social network sites based on epidemic protocols	United Kingdom	Korea, Republic of	Engineering, Physical and Space Sciences
Magnetic Refrigeration by the Use of RE Magnets	Russian Federation	United Kingdom	Engineering, Physical and Space Sciences
Charting the terra incognita of extremely dusty and distant galaxies	Brazil	United Kingdom	Engineering, Physical and Space Sciences
Study of cascade reactions with pyrazolones and oxazolones	Egypt	United Kingdom	Engineering, Physical and Space Sciences
Processes and timing of the Great Oxygenation Event (2.4 billion years ago): A field workshop in South Africa	United Kingdom	United States	Engineering, Physical and Space Sciences
Phosphor materials for white LEDs: beyond the rare earths	Egypt	United Kingdom	Engineering, Physical and Space Sciences
Silicon nanowires metal oxide/sulphide nanoparticles hybrid thermoelectric devices	Pakistan	United Kingdom	Engineering, Physical and Space Sciences
Thermodynamics for Quantum Technologies	United Kingdom	South Africa	Engineering, Physical and Space Sciences

Co-ordinated Functional Electrical Stimulation Based Cycling for Paraplegic	United Kingdom	South Africa	Engineering, Physical and Space Sciences
A New Paradigm for Green Information and Communication Technologies: Energy Harvesting	Vietnam	United Kingdom	Engineering, Physical and Space Sciences
Health interventions relating to inhalation of volcanic emissions on Hawai'i: a first assessment	Kazakhstan	United Kingdom	Engineering, Physical and Space Sciences
High Tech Materials for Environment Friendly Electronic & Solar Energy Technology: Materials and Sol-Gel Process	United Kingdom	United States	Engineering, Physical and Space Sciences
Building Reliable Concurrent Software Systems	Thailand	United Kingdom	Engineering, Physical and Space Sciences
Formation and application of new gold dithiocarbamate complexes	United Kingdom	Indonesia	Engineering, Physical and Space Sciences
Application of Semiconductors as Photocatalysts for Tandem Oxidation Reactions.	Russian Federation	United Kingdom	Engineering, Physical and Space Sciences
Development and characterisation of materials for 3rd generation photovoltaics: new perovskite absorbers with the aim of hastening the development of a new and exciting PV technology	United Kingdom	Korea, Republic of	Engineering, Physical and Space Sciences
Implementation of a Turbo-Code in 3 dimensions	United Kingdom	Korea, Republic of	Engineering, Physical and Space Sciences
Surveillance of driven adaptive video streaming and analysis	Egypt	United Kingdom	Engineering, Physical and Space Sciences
Exploration of Novel Information Pull Methodologies via BIM and Mobile Platforms	United Kingdom	Korea, Republic of	Engineering, Physical and Space Sciences
Human gait analysis for sport and exercise assessments	Nigeria	United Kingdom	Engineering, Physical and Space Sciences

Building smarter WiFi networks with Software Defined Networking	South Africa	United Kingdom	Engineering, Physical and Space Sciences
Schematic Maps for supporting indoor navigation in mobile devices	United Kingdom	Bangladesh	Engineering, Physical and Space Sciences
Exact Monte Carlo inference for continuous time Markov processes	United Kingdom	Egypt	Engineering, Physical and Space Sciences
Big-Data Solutions for Digital Forensic Investigations	Vietnam	United Kingdom	Engineering, Physical and Space Sciences
Video-based parametrisation of congestion volume on busy roads	Thailand	United Kingdom	Engineering, Physical and Space Sciences
Experimental and computational study of combustion characteristics of different types of Pakistani coal.	Russian Federation	United Kingdom	Engineering, Physical and Space Sciences
Geo-location estimation by exploiting thermal deformations and geometric distortions in multiple imaging sensors of SPOT satellites	United Kingdom	Mexico	Engineering, Physical and Space Sciences
Modelling the effect of jet fire on critical structural elements and its effect on structural damage indices and capacity	South Africa	United Kingdom	Engineering, Physical and Space Sciences
Experimental and Numerical Analysis of Deformation and Damage in Nonwoven Material	Thailand	United Kingdom	Engineering, Physical and Space Sciences
A cross cultural investigation into social factors that determine user perceptions of authentication technologies	Turkey	United Kingdom	Engineering, Physical and Space Sciences
Free-Viewpoint Television using Multimedia Cloud Computing	United Kingdom	Kazakhstan	Engineering, Physical and Space Sciences
Scotland-Sargodha research link for value added, safe and sustainable poultry production	Colombia	United Kingdom	Environment, Agriculture and Food Sciences
Responses of tropical marine organisms to ocean acidification	United Kingdom	Korea, Republic of	Environment, Agriculture and Food Sciences

Understanding feeding selectivity and the grazing impact of micro- and mesozooplankton during and after the spring phytoplankton bloom at E1 in the Western English Channel	Colombia	United Kingdom	Environment, Agriculture and Food Sciences
Harnessing biogeochemical phenomena in the engineering of low cost passive treatment systems for acid mine drainage	United Kingdom	United States	Environment, Agriculture and Food Sciences
Assessment of the hydrological impacts of climate change in the Upper Indus Basin for sustainable water resources management in Pakistan	Bangladesh	United Kingdom	Environment, Agriculture and Food Sciences
Green innovation for climate change mitigation and adaptation strategies to pave the ways towards low-carbon society	Turkey	United Kingdom	Environment, Agriculture and Food Sciences
Plant production can be manipulated through responses to the light environment	Thailand	United Kingdom	Environment, Agriculture and Food Sciences
Sedimentation, vegetation and land use dynamics of the Brahmaputra-Jamuna floodplain, Bangladesh	United Kingdom	Korea, Republic of	Environment, Agriculture and Food Sciences
Effector-driven research for the development of sustainable resistance to plant parasitic nematodes	Turkey	United Kingdom	Environment, Agriculture and Food Sciences
Investigation of biofilm growth/removal on porous and non-porous surfaces in flow conditions	Russian Federation	United Kingdom	Environment, Agriculture and Food Sciences
Evaluating the whole life performance of renewable and low-energy system for buildings application in energy in Nigerian;	United States	United Kingdom	Environment, Agriculture and Food Sciences
Climate change, small-holders' vulnerability and food security in Nigeria: An empirical analysis	United Kingdom	Brazil	Environment, Agriculture and Food Sciences
Developing a spectral deconvolution approach for ocean colour remote sensing interpretation for assimilation into physical-ecosystem models	United Kingdom	Brazil	Environment, Agriculture and Food Sciences
Site development and Policy Intervention for Marine Energy Implementation in Indonesia	Turkey	United Kingdom	Environment, Agriculture and Food Sciences
Use of benthic foraminifera as indicators of environmental medium and short-term changes, as well as its viability as indicators of system productivity.	Nigeria	United Kingdom	Environment, Agriculture and Food Sciences

Sustainable Water Supply Using Two Stages Forward Osmosis-Reverse Osmosis Process	United Kingdom	South Africa	Environment, Agriculture and Food Sciences
Localization & routing in wireless sensor networks	United Kingdom	Turkey	Environment, Agriculture and Food Sciences
The Bioavailability and Biological Effects of Nanomaterials on Soil Microbes	United Kingdom	Brazil	Environment, Agriculture and Food Sciences
Use of citrus pulp	Colombia	United Kingdom	Environment, Agriculture and Food Sciences
Bio-Food Security for Future Generations	Qatar	United Kingdom	Environment, Agriculture and Food Sciences
The effect of xenobiotics on the chemosensory systems of the green peach aphid <i>Myzus persicae</i>	United Kingdom	South Africa	Environment, Agriculture and Food Sciences
