

RESEARCHER LINKS

www.britishcouncil.org

Grants Awarded: Newton Researcher Links Workshops – April 2017 call

Eligible partner countries: Brazil, India, Kenya, Malaysia, South Africa, Thailand and Vietnam

- Total eligible applications – 150
- Funded applications – 43 (29%)

Partner Country	Title of Workshop	UK Institution	Partner Institution	Review Panel
Brazil	Migration policies and Urban Spaces: Latin American immigrants in Brazil and the United Kingdom in the 21st century	University of Oxford	University of Brasilia - UnB	Social Sciences
Brazil	Social-Ecological Resilience to river floods and other associated risks	London South Bank University	Universidade Regional de Blumenau	Environment, Agriculture and Food Sciences
Brazil	Identifying and addressing shared challenges in conducting health and social care research for older people (OPAL)	University of Nottingham	Faculdade de Medicina de Botucatu - UNESP	Biological and Medical Sciences
Brazil	Food security for vulnerable populations: the fungal threat	University of Nottingham	University of Sao Paulo	Environment, Agriculture and Food Sciences
Brazil	Geohazard Risk Reduction in Unplanned Urban Areas	University of Derby	Federal University of Goiás (FUG)	Engineering and Physical Sciences
Brazil	How, and why, do ecosystem services differ within and between temperate and sub-tropical freshwater systems?	University of Roehampton	Federal University of Santa Catarina	Environment, Agriculture and Food Sciences
Brazil	Accessible Infrastructures for the Mobility & Education of Blind People	University of Glasgow	University of Vale de Itajai	Engineering and Physical Sciences
Brazil	Infectious diseases in Brazil - raising the	University of	Universidade Federal de Minas	Biological and

	profile	Southampton	Gerais	Medical Sciences
Brazil	Modelling tools to assess microbiological risks in bathing waters and shellfish harvesting areas	Centre for Environment, Fisheries and Aquaculture (Cefas)	Empresa de Pesquisa Agropecuária e Extensão Rural de Santa Catarina (Epagri), Brazil	Environment, Agriculture and Food Sciences
Brazil	Governance And Actor Roles In Sustainable Development in a Global-Local Framework	Coventry University	Communitarian Regional University (UNOCHAPECÓ), Santa Catarina State	Social Sciences
Brazil	Off-grid Microgrids for the Electrification of Remote Communities Workshop	Cardiff University (Prifysgol Caerdydd)	Federal University of Para	Engineering and Physical Sciences
Brazil	Energy Epidemiology: using building data to support energy and carbon policy in Latin America	University College London	Federal University of Santa Catarina (UFSC)	Engineering and Physical Sciences
India	Generation, Storage and Utilisation of Renewable Hydrogen: Towards Sustainable Energy”	University of Glasgow	Dayalbagh Educational Institute (DEI)	Engineering and Physical Sciences
India	International workshop and symposium on Perovskite and Hybrid solar cells	Brunel University London	Indian Institute of Technology (IIT) Delhi	Engineering and Physical Sciences
India	Smart biomaterials for healthcare based on inter-disciplinary collaboration	Cardiff University (Prifysgol Caerdydd)	Indian Institute of Technology Ropar	Biological and Medical Sciences
India	Indo-UK workshop on monitoring and analysis strategies for anthropogenic pollutants in environmental and waste waters	James Hutton Institute	Ashoka Trust for Research in Ecology and the Environment (ATREE)	Environment, Agriculture and Food Sciences
India	Electrochemical Route to Energy Storage, Energy Conversion and Fuel Production	University of Southampton	Jawaharlal Nehru Centre for Advanced Scientific Research, Bengaluru	Engineering and Physical Sciences
India	Scopes and challenges for the development of novel antimicrobial agents from Ayurvedic medicinal plants to combat the problem of antimicrobial resistance	University of East London	Jadavpur University	Engineering and Physical Sciences
India	Towards a new generation of arsenic removal plants in India	Imperial College of Science, Technology and Medicine (also known as Imperial College London)	CSIR-CGCRI	Engineering and Physical Sciences

Kenya	Improving food security and nutrition in Kenya: Strengthening Indigenous Leafy Vegetables research and innovation capacity	Harper Adams University	Dedan Kimathi University of Technology	Environment, Agriculture and Food Sciences
Kenya	How Resilient Manufacturing can solve the unemployment problem in Kenya	Northumbria University Newcastle	University of Nairobi	Engineering and Physical Sciences
Kenya	Air pollution in emerging mega-cities: sources, evolution and impacts	Lancaster University	African Technology Policy Studies (ATPS)	Environment, Agriculture and Food Sciences
Kenya	Future marine manufacturing to support blue economy growth in Kenya	Newcastle University	Jomo Kenyatta University of Agriculture and Technology (JKUAT)	Engineering and Physical Sciences
Malaysia	Entrepreneurship Education for developing resilience in Social Enterprises	University of Westminster	Universiti Malaysia Sabah (UMS)	Social Sciences
Malaysia	The potential of groundwater in Malaysia's resilient urban future	British Geological Survey (BGS)	Universiti Sains Malaysia (USM)	Environment, Agriculture and Food Sciences
Malaysia	Next Generation Sequencing (NGS) data analysis and bioinformatics: Genomics of non-communicable diseases	London School of Hygiene and Tropical Medicine	Universiti Sains Malaysia (USM)	Biological and Medical Sciences
Malaysia	Workshop on Bio-photonics For Medical Technologies 2018	City University London	University of Malaya	Engineering and Physical Sciences
Malaysia	Advancing work, health and well-being in rural and urban Malaysia	University of Warwick	Monash University Malaysia	Social Sciences
Malaysia	Developing interventions to encourage smoke-free homes in Malaysia	University of Aberdeen	Universiti Putra Malaysia	Biological and Medical Sciences
South Africa	Breeding and modelling underutilised crops for community resilience	University of Nottingham	University of KwaZulu-Natal (UKZN)	Environment, Agriculture and Food Sciences
South Africa	Research capacity for sustainable ecosystem-based management of estuaries and coasts	Bournemouth University	University of KwaZulu-Natal	Environment, Agriculture and Food Sciences
South Africa	Embracing new design technologies: enabling equitable access to health	Cardiff Metropolitan University (Prifysgol Metropolitan Caerdydd)	Central University of Technology	Biological and Medical Sciences
South Africa	Addressing health inequalities in an unequal society	Lancaster University	Human Sciences Research Council (HSRC)	Social Sciences
South Africa	Legumes for Life	University of Leeds	University of Stellenbosch	Environment, Agriculture and

				Food Sciences
Thailand	Advanced Materials for Environmental Protection	Kingston University	National Metal and Materials Technology Center, National Science and Technology Development Agency	Environment, Agriculture and Food Sciences
Thailand	The implementation and challenges of multicultural education: What can Thailand learn from the experiences of the UK?	University of Roehampton	Mahidol University	Social Sciences
Thailand	Inclusive innovation for enhanced local experience in tourism	Royal Holloway, University of London	University of the Thai Chamber of Commerce	Social Sciences
Thailand	Energy Storage Technology to Support Sustainable Agriculture	University of Sheffield	Mahanakorn University of Technology	Engineering and Physical Sciences
Thailand	Sustainable Business Development through Technology and Innovation: Micro, Small and Medium-sized Enterprises' Digital Transformation in Thailand	Lancaster University	Thammasat University	Social Sciences
Vietnam	UK-Vietnam Workshop on Green Electrochemical and Materials Processing for Environment and Energy Challenges	University of Strathclyde	Hanoi University of Science and Technology (HUST)	Engineering and Physical Sciences
Vietnam	Microfluidics, Nanomaterials, and Point-of-Care in Healthcare for developing countries	University of Sheffield	International University	Biological and Medical Sciences
Vietnam	Cascading human-natural hazards in the Red River – Hanoi – Delta: First steps toward developing a coastal megacity catchment observatory	British Geological Survey (BGS)	FIMO Center (Center of Multidisciplinary Integrated Technologies for Field Monitoring)	Environment, Agriculture and Food Sciences
Vietnam	Development of Heparin and HS glycotherapeutics	University of Liverpool	Vietnam National University	Biological and Medical Sciences
