

Grants Awarded: Newton Fund Researcher Links Workshops – April 2020 call

Eligible partner countries: China; India; Philippines

- **Total eligible applications – 133**
- **Funded applications – 32 (24%)**

Partner Country	Title of Workshop	UK Institution	Partner Institution	Review Panel – September 2020
China	Poverty and underdevelopment in China: At the nexus of migration and regional development	University College London	Wuhan University	Social Sciences
China	2021 International Metallurgical Processes Workshop for Young Scholars	University of Leicester	North Eastern University	Engineering and Physical Sciences
China	Advanced Photoelectric Sensor Integration and Bioimaging Analysis	University of Glasgow	Nanjing University of Science & Technology	Engineering and Physical Sciences
China	Rethinking healthy city in the post-COVID19: exposure, mobility and inequality	Manchester Metropolitan University	Sun Yatsen University	Social Sciences
China	Catalytic Chemistry and Chemical Technology of C1 Process	Queen's University Belfast	Taiyuan University of Technology	Engineering and Physical Sciences
China	Sino-UK workshop on New Materials and Technologies in Water Treatment and Sludge Solid Waste Treatment and Disposal	Queen's University Belfast	Nanjing Normal University	Engineering and Physical Sciences
China	AI4EYE: Is AI the future of eye screening?	University of Liverpool	Xiamen Eye Centre	Engineering and Physical Sciences
China	Sino-UK Workshop on Biomass Conversion and Utilisation	University of Liverpool	Huazhong University of Science and Technology	Engineering and Physical Sciences
China	Workshop on fall prevention in older adults in China and the UK	Loughborough University	Shanghai University of Sport	Biological and Medical Sciences

Delivering

China	Interdisciplinary Investigation of Major Safety Issues Related to Power Batteries and Electrochemical Energy Storage Systems	University of Hertfordshire	Guangdong University of Technology	Engineering and Physical Sciences
China	Zoonotic infection in China: A One Health Approach	University of Surrey	Shanghai Jiao Tong University Medical School	Biological and Medical Sciences
China	Systematic innovation for food security in China	University of Nottingham	Chinese Academy of Social Sciences	Social Sciences
China	Advancing wearable technology: promoting physical activity and mobility among older adults in China	University of Portsmouth	Shanghai Jiao Tong University	Biological and Medical Sciences
China	Efficient Thermal Management for Energy Storage Systems	University of Birmingham	Chinese Academy of Sciences	Engineering and Physical Sciences
China	Emerging technologies based on porous materials for medical, environmental and energy applications	University of Manchester	Hainan University	Engineering and Physical Sciences
China	Water-energy-climate nexus: sustainability and resilience	University of Glasgow	Chinese Academy of Sciences	Environment Agriculture and Food Sciences
China	One Health: Surveillance and Early Warning for Zoonoses	University of Edinburgh, The	National Institute of Parasitic Diseases, Chinese Center for Disease Control and Prevention	Biological and Medical Sciences
China	Sino-British Workshop on "Recent Advances in Metal-enclosed Transmission Line Technologies Oriented for Energy Internet"	Cardiff University (Prifysgol Caerdydd)	North China Electric Power University	Engineering and Physical Sciences
China	'Glocalising' transboundary water governance: Knowledge, Scale and Practices.	Lancaster University	Southern University of Science and Technology	Social Sciences
China	Healthcare Provision in the Urban Context	University College London	Tianjin University	Arts and Humanities
China	Sino-UK Joint Symposium on Post Novel Covid-19 Pandemic: A Reconsideration for the Built Environment	University of Nottingham	Tongji University	Engineering and Physical Sciences
China	Mitigation and adaptation to minimise Urban Heat Island Workshop	University of Nottingham	Wuhan University	Engineering and Physical Sciences
China	China-UK Workshop on Energy Storage and Low-Carbon Buildings	University College London	Shanghai Jiao Tong University	Engineering and Physical Sciences
China	Crop Disease Monitoring and Forecasting based on Multi-source Information Fusion and Big data	Loughborough University	Northwest Agriculture and Forestry University	Environment Agriculture and Food Sciences
China	UK-China bilateral workshop on agri-food supply chain resilience	Bournemouth University	Sun Yat-sen University	Social Sciences
India	Epidemic prediction and risk reduction using Artificial Intelligence and Machine learning	University of Cambridge	Tata Institute of Social Sciences	Social Sciences

India	Blue Carbon: Mitigating and Adapting to Climate Change	University of St Andrews	Ahmedabad University	Environment Agriculture and Food Sciences
India	Building Ecological Resilience in Vulnerable Mangroves of the Indian Sundarbans: Sustainable and Equitable Management of Biodiversity and Ecosystem Services in the era of Climate Change	The University of Newcastle upon Tyne	West Bengal State University	Environment Agriculture and Food Sciences
India	Diagnostics for understanding the interplay between infectious and non-communicable diseases	University of Glasgow	IIT Kharagpur	Engineering and Physical Sciences
India	Artificial Intelligence, Machine Learning and Data Science Tools in clinical and public health: Evidence, efficiency and equity considerations	The University of Newcastle upon Tyne	Amrita Vishwa Vidyapeetham University	Biological and Medical Sciences
India	Fostering 'Doctor and Nurse-Midwife teams' that are empowered with pragmatic and evidence based practices to improve maternal and newborn outcomes.	University of Liverpool	Christian Medical College	Biological and Medical Sciences
India	Integrated new solutions for removing animal health barriers to aquaculture in India	Centre for Environment, Fisheries and Aquaculture (Cefas)	Central Institute of Fisheries Education	Environment Agriculture and Food Sciences
