

RESEARCHER LINKS

www.britishcouncil.org

Grants Awarded: Researcher Links Workshops – May 2014 call (non-Newton Fund)

Eligible partner countries: Azerbaijan, Bangladesh, Brazil, Egypt, Indonesia, Kazakhstan, Malaysia, Mexico, Nigeria, Pakistan, Qatar, Russia, South Africa, Thailand, Turkey, Vietnam.

Funded applications – 72

Country	Title of Workshop	UK Institution	Partner Institution	Panel
Azerbaijan	Delivering sustainable economic development in resource-rich nations: Ukrainian Crisis: Risks and Opportunities for Azerbaijan as energy supplier and for its sustainable development	University of Reading	Khazar University	Social Sciences
Bangladesh	Governance and Management of Gender Relations: A Comparative Study of Law and Society	SOAS (The School of Oriental and African Studies), University of London	University of Dhaka	Social Sciences
Brazil	Using systems and synthetic biology to tailor plant cell walls for a better future	Aberystwyth University	University of Sao Paulo	Biological and Medical Sciences
Brazil	Becoming visible: comparing inclusive and special education policies, practices and research in Brazil and the UK	University of Northampton	Federal University of Sao Carlos-UFSCar	Social Sciences
Brazil	Qualitative study design in healthcare-associated infection research	University of Nottingham, Nottingham	School of Nursing, University of São Paulo	Biological and Medical Sciences
Brazil	Global change in coastal marine ecosystems: science, policy and sustainable development	Bangor University	Universidade Federal de São Paulo	Environment, Agriculture and Food Sciences
Brazil	Electrochemical solutions for contemporary problems (ELSOL)	University of Aberdeen	Federal University of Sao Carlos	Engineering and Physical Sciences Panel
Brazil	The New Historical Linguistics and the world of	University of York	University of Campinas (UniCamp)	Arts and Humanities

	annotated corpora			
Brazil	Mechanisms underlying developmental programming of metabolic disease - insight into prevention strategies	University of Cambridge Metabolic Research Laboratories and Medical Research Council Metabolic Diseases Unit; Wellcome Trust-MRC Institute of Metabolic Science, Addenbrookes Hospital, Cambridge	Institute of Biomedical Sciences-University of Sao Paulo	Biological and Medical Sciences
Brazil	Sport and Social Transformation in Brazil	University of Bath	University of Sao Paulo	Social Sciences
Brazil	Integrative research: Challenges of complex systems for technological applications	University of Aberdeen	University of São Paulo	Engineering and Physical Sciences Panel
Brazil	A "One Health - One Welfare" approach to animal and human well-being in diverse urban, peri-urban and rural communities in Sao Paulo.	The University of Surrey	Universidade de São Paulo	Environment, Agriculture and Food Sciences
Brazil	Innovation systems and policy mix towards multidimensional development	Manchester Business School/University of Manchester	Institute of Geosciences/University of Campinas	Social Sciences
Brazil	Modelling-Aided Design to Support Vehicle Crashworthiness and Vehicle Safety Harmonization	The University of Manchester	University of Sao Paulo	Engineering and Physical Sciences Panel
Brazil	Research Excellence and International Collaboration on	Aston University	University of São Paulo	Social Sciences
Brazil	Water as the Frontier of Agribusiness: Politico-Ecological and Socio-Economic Connections from Farms to Global Markets	University of Edinburgh	State University of Sao Paulo	Environment, Agriculture and Food Sciences
Brazil	New approaches to monitoring and managing waterborne disease transmission in Brazil and the UK	University of Brighton	CETESB	Environment, Agriculture and Food Sciences
Brazil	Advances in plant growth and development	University of Cambridge	Campinas State University (UNICAMP)	Biological and Medical Sciences
Colombia	Dealing with Land Destitution and Structural Inequalities in Transitions	University of Essex	Javeriana University	Social Sciences
Egypt	UK-Egypt enhanced research networks in renewable energy to support economic development	Brunel University	Arab Academy for Science and Technology and Maritime Transport (AASTMT)	Engineering and Physical Sciences Panel
Egypt	Building early career researchers capacity to investigate, evaluate and disseminate the impact of technology on learning and teaching in schools,	University of Hull	Helwan University, Cairo	Social Sciences

	colleges and universities			
Egypt	New trends and applications in space science	University of Strathclyde	Cairo University	Engineering and Physical Sciences Panel
Egypt	Trends in Heritage focused Building Information Modelling and Collaboration for Sustainability	University of the West of England Bristol	Cairo University	Social Sciences
Indonesia	Pores for thought: porous materials for greener energy and the environment	University of Bath	Institute Technology Bandung	Engineering and Physical Sciences Panel
Kazakhstan	Sustainable Cities: rapid urbanisation and sustainability in Kazakhstan - exploring the use of novel technologies and research methods to address environmental and social change.	University of York	L. N. Gumilyov Eurasian National University	Environment, Agriculture and Food Sciences
Kazakhstan	Approaches to the documentation and sustainable management of archaeological heritage	University College London	The Ministry of Education and Science of Kazakhstan	Arts and Humanities
Kazakhstan	Climate Change, Water Resources and Food Security in Kazakhstan	University of Reading	al-Farabi Kazakh National University	Environment, Agriculture and Food Sciences
Kazakhstan	LEARNING IN REGULATORY GOVERNANCE: THEORY, POLICY DESIGN AND METHODS	University of Exeter	Nazarbayev University	Social Sciences
Kazakhstan	Utilisation and treatment of wastes arising from mining activities, oil production and other manufacturing industries: a) Mining solid wastes, b) Mining waste water, c) Oil and Gas industry waste, d) Coal power station wastes and e) Cement kiln dust	University of Wolverhampton	Kazakh National Technical University	Engineering and Physical Sciences Panel
Kazakhstan	Kazakhstan's Environmental Challenges in a Eurasian and Global Perspective'	University of York	Nazarbayev University	Arts and Humanities
Kazakhstan	Public Service Innovations and Modernization using ICT: opportunities and challenges for early-career researchers	University of Edinburgh	Nazarbayev University (NU)	Social Sciences
Kazakhstan	Regenerative medicine for lifelong health and wellbeing	Cardiff University	Center for Life Sciences, Nazarbayev University	Biological and Medical Sciences
Kazakhstan	Educational Research collaboration in Kazakhstan and the UK; developing early career researchers' skills in using	University of Cambridge	Eurasian National University	Social Sciences

	multiple research methods.			
Kazakhstan	The rise and internationalisation of multinational enterprises from emerging economies (EMNEs): their impact on the world economy	University of Northampton	Kazakh-British Technical University	Social Sciences
Kazakhstan	Implementing mobile learning in Kazakhstan: Combining British experience and Kazakhstan possibilities. Studying mobile learning projects and initiatives in the United Kingdom and creating appropriate conceptions and strategies for Kazakhstan. The process of seamless transformation from e-learning to m-learning and support of the State program "Information Kazakhstan-2020".	University of Wolverhampton	International Academy of Business	Social Sciences
Malaysia	Marine Science and Technology: promoting UK-Malaysian interdisciplinary research collaboration and career opportunities	Heriot Watt University	Universiti Malaysia Terengganu	Environment, Agriculture and Food Sciences
Malaysia	Towards capacity building for disaster risk reduction in Malaysia and the UK	University of Salford	Universiti Teknologi Malaysia	Social Sciences
Mexico	MultiplexCity: Towards a Holistic Data Analytics for Future Cities	University of Strathclyde	CIMAT (Centro de Investigacion en Matematicas, AC)	Engineering and Physical Sciences Panel
Mexico	Advanced Digital Manufacturing for Industrial Development workshop. From aerospace to bio printing	Newcastle University	CIATEQ A.C./ Advanced Technology Center	Engineering and Physical Sciences Panel
Mexico	1. Genomics Research on Plant-Parasite Interactions to Increase Food Production	University of Dundee / James Hutton Institute	ENES UNAM	Environment, Agriculture and Food Sciences
Mexico	Biorefinery research - promoting international collaboration for innovative and sustainable solutions	University of Surrey	Mexican Petroleum Institute	Engineering and Physical Sciences Panel
Mexico	Genome research and human health: current applications and translational potential in inflammation and infectious diseases	University of Oxford	Mexical Social Security Institute	Biological and Medical Sciences
Mexico	Towards comprehensive evaluation for health and development: promoting the integration of evaluation methods.	London School of Hygiene & Tropical Medicine	Instituto Nacional de Salud Publica	Social Sciences

Mexico	Workshop: Training directed to researchers with interest in Science and Mathematics Education	University of Wolverhampton	Tecnológico de Monterrey	Social Sciences
Mexico	Appropriate Technology and Climate Change Adaptation for Water Resources Management	Robert Gordon University	IA-220 Universidad de Las Américas	Environment, Agriculture and Food Sciences
Mexico	INTELLIGENT DISASTER MANAGEMENT	University of Southampton	Monterrey Institute of Technology and Higher Education	Engineering and Physical Sciences Panel
Mexico	Educational dialogue and transformative learning in STEM subjects in Mexico and the UK	University of Hull	Tecnologico de Monterrey	Social Sciences
Mexico	Managing Business Excellence and Adapting Innovation Systems for Supporting a Sustainable Transition towards a Low Carbon Economy	The University of Derby	National Polytechnic Institute of Mexico (IPN - Instituto Politecnico Nacional)	Social Sciences
Mexico	In Terra Incognita: Innovation for Entrepreneurship, Great Britain-Mexico	Birmingham City University	Centro - Diseno, Arte, Television	Social Sciences
Nigeria	Future proofing agricultural production against environmental change	Aberystwyth University	University of Uyo	Environment, Agriculture and Food Sciences
Pakistan	Bio fortification; from food security to nutritional security	University of Nottingham, Sutton Bonington Campus Loughborough Leicestershire LE12 5RD United Kingdom	University of Agriculture, Faisalabad	Environment, Agriculture and Food Sciences
Pakistan	Unconventional Gas/Oil (Mainly Shale Gas) development in Pakistan and the UK	University of Portsmouth	NED University, Karachi	Engineering and Physical Sciences Panel
Pakistan	Emerging 5G Technology for Disaster Management	University of the West of Scotland	University of Gujrat	Engineering and Physical Sciences Panel
Pakistan	Nutrition Policy to Practice in Pakistan: Exploring the Challenges and Research Opportunities	University of Central Lancashire	Khyber Teaching Hospital	Environment, Agriculture and Food Sciences
Pakistan	Enhancing Corpus Based Research in the Study of National and Regional Varieties of English in South Asia	The University of Birmingham	International Islamic University Islamabad	Arts and Humanities
Qatar	Transforming the nursing workforce: improving population health through evidence based practice	The University of Manchester	Hamad Medical Corporation	Biological and Medical Sciences
Qatar	SMART GRID AND SOLAR POWER WORKSHOP	University of Exeter	Texas A&M University in Qatar	Engineering and Physical Sciences Panel
Russia	THz technologies for information technologies, security, medical and earth applications	Queen Mary, University of London	The National Research University of Information Technologies, Mechanics and Optics (ITMO)	Engineering and Physical Sciences Panel

Russia	Advanced Polaritonics and Photonics	University of Southampton	Vladimir State University	Engineering and Physical Sciences Panel
Russia	Extracellular vesicles-mechanisms of biogenesis and roles in disease pathogenesis	King's College London	Faculty of Basic Medicine, M.V. Lomonosov Moscow State University	Biological and Medical Sciences
South Africa	Development through Enterprise - Inclusive and sustainable futures through entrepreneurial initiatives and cross-sector partnerships	University of Essex	University of Cape Town	Social Sciences
Thailand	Flooding Adaptation for Water-based Cultural Landscape Preservation: Learning from Thailand and UK experiences.	University of Lincoln	Naresuan University	Arts and Humanities
Thailand	Documenting and preserving indigenous languages: principles, practices and tools	SOAS, University of London	Mahidol University	Arts and Humanities
Thailand	Sustainable and Resilient Infrastructure for Economic Development	Heriot-Watt University	Asian Institute of Technology	Engineering and Physical Sciences Panel
Thailand	Plant-microbe interactions: pathogen and host diversity, infection and defense mechanisms and disease protection	John Innes Centre	Faculty of Science, Kasetsart University	Environment, Agriculture and Food Sciences
Thailand	Learning from each other-improving the clinical management and prevention of melioidosis and tuberculosis in the UK and South East Asia	London School of Hygiene & Tropical Medicine	Khon Kaen University	Biological and Medical Sciences
Turkey	Developing New Modalities of Autonomy for Minorities that do not entail Dismembering States: the Case of the Turkish Republic	Queen's University Belfast	Ankara University Faculty of Political Sciences	Social Sciences
Turkey	Adaptive Disaster and Emergency Management for the Sustainable Built Environment	Heriot-Watt University (HWU)	Istanbul Technical University	Engineering and Physical Sciences Panel
Turkey	Low Carbon Buildings and Communities in the Sustainable Built Environment	Nottingham Trent University	Istanbul Technical University	Engineering and Physical Sciences Panel
Turkey	Latest technologies for crop improvement	University of Worcester	Sabancı University	Environment, Agriculture and Food Sciences
Turkey	Food Security: improving approaches to prevent and control viral diseases of Livestock and Poultry	The Pirbright Institute	University of Istanbul, Veterinary Faculty	Environment, Agriculture and Food Sciences
Vietnam	UK-Vietnam workshop on Innovation in Chemical Engineering for Sustainable Environment and Energy	University of Newcastle	Hanoi University of Science and Technology.	Engineering and Physical Sciences Panel
