The British Council believes that all children have potential and that every child matters – everywhere in the world. We aim to achieve this through compliance with UK child protection laws and the relevant laws in each of the countries where we operate and by adhering to Article 19 of the United Nations Convention on the Rights of the Child (UNCRC) 1989. A child is defined in the British Council as anyone who has not reached their 18th birthday (UNCRC 1989) irrespective of the age of majority in the country where a child is, or in their home country.
