Creation of school leadership policy assets

British Council in the UK would like to invite a suitable consultant(s) to undertake a short consultancy to produce two assets in relation to school leadership policy in the 4 countries of the UK.

We seek answers to the following questions:

- What are the main policies concerning school leadership in the 4 countries of the UK?
- What do these policies seek to achieve?

This consultancy will have two outputs: a powerpoint outlining answers to the questions above and secondly an associated policy paper with additional reading suggestions.

Deliverables

The Powerpoint presentation will:

- Outline the main polices concerning school leadership in the 4 countries of the UK. It is important that each country is given appropriate weighting in relation to the level of detail provided.
- Outline what these policies will achieve, identifying potential barriers or challenges that exist within each country
- Outline how have these policies have been implemented and what evidence is available regarding their success
- Outline any important demographic issues in relation to school leadership in each country
- Provide detailed speaker notes to accompany the Powerpoint presentation
- Be produced with a view to a speaker delivering the Powerpoint in around 60-90 minutes. Consultants should limit the number of slides as a result to around 30.

The report for the British Council will build on the Powerpoint presentation by

- Providing more information about of the issues outlined above in relation to each country including hyperlinks to further reading where applicable
- Be limited to 1200 words
