Introduction
<p>Stafford House Canterbury (SHC) was first inspected in 1985 and last inspected in 2021. It is one of the three year-round Stafford House International (SHI) schools in the UK which form part of the CATS Global Schools (CGS) group, a wholly owned subsidiary of Bright Scholar UK.</p> <p>Throughout the year, SHC offers general English and examination preparation courses to students aged 16, and closed group courses to young learners and adults. Accommodation is offered in nearby residences and in homestays. In the summer the school also offers summer vacation courses for young learners in other premises and additional residences normally used by Worthgate School, Canterbury (part of the CGS group).</p>

The CGS group offers centralised marketing, admissions, finance and HR functions. In addition, the SHI schools share some administrative, academic and safeguarding policies and procedures. This inspection was the first of three to be conducted in consecutive weeks in all the SHI schools in the UK. Prior to the Canterbury inspection, the inspectors spent half a day interviewing meeting CGS and SHI head office staff and examining documentation.

The inspection took two days. During the inspection, the two inspectors held interviews with the principal, director of studies (DoS), vice principal (student services manager), business manager (from Worthgate), assistant director of studies (ADoS), teacher overseeing junior programmes, the activities manager, student services officer and accommodation officer. Separate focus groups were conducted with teachers, activity leaders, adult students, junior students and group leaders. All teachers timetabled during the inspection were observed. One inspector conducted a virtual tour of three homestays and visited the three student residences in use.

Since the last inspection, the school has taken on two year-round residences and introduced two new summer junior specialist courses; Model United Nations and Careers in Medicine.

Throughout the year, a few students aged 16 and 17 join adult courses. During the inspection, there was one 17-year-old student enrolled on an adult course and accommodated in homestay. In the summer, the number of students increases significantly, and they can be accommodated in a separate residence. Additionally, the school offers closed-group courses for students aged 11–18. At the time of the inspection, there was one large group with ages ranging from 15 to 18 and one small group with ages ranging from 15 to 17. In the summer, the school manages large groups and individual junior students enrolled in Stafford House Study Holidays programmes, which are conducted in separate premises.

S1 A comprehensive safeguarding policy has been developed with input from both internal and external expert advisors. This policy is supported by concise versions tailored for homestay, staff, and students. The designated safeguarding lead (DSL) and deputy safeguarding lead (DDSL) are clearly identified by name on noticeboards, and staff are fully aware that these roles are filled by the principal and vice principal.

S2 The DSL and DDSL have up-to-date specialist level training from both the local authority and language provider perspectives. Additionally, other members of the student services team have advanced level training. All staff receive basic level training, and homestay hosts are fully briefed and updated regarding their safeguarding responsibilities.

S5 Very effective arrangements are in place to ensure the safety and supervision of students during scheduled lessons and activities. Comprehensive measures are implemented to mitigate risks when groups of under 18s share the premises with adult students. These measures include using separate parts of the premises, staggered break times, and age-differentiated coloured lanyards. Supervision ratios for junior groups are meticulously calculated for the leisure programme. The attendance of 16 and 17-year-olds in adult courses is closely monitored, and appropriate actions are taken when necessary.

S6 All stakeholders are required to sign to say that they have seen and agreed to the rules for what students may do outside the scheduled lesson or activity times and without supervision. Rules are emphasised to students at enrolment and induction.

S7 The accommodation arrangements for under 18s are highly suitable. Junior students are either housed in residences with residential staff or in carefully selected and well-briefed homestays. If under 18s are placed in alternative accommodation, rigorous procedures are in place to ensure its suitability.

The Accreditation Scheme requires accredited providers to comply with all applicable laws and regulations. Providers must take steps to ensure that they are aware of, and comply with, all existing and new legal requirements.

On initial application and annual renewal of accreditation, providers are required to confirm that they are complying with all applicable laws and regulations.

Inspectors will check a random sample of items during inspection, in relation to criterion D1; if they find evidence of a breach of statutory or other legal requirements, the provider will be required to submit evidence of compliance confirmed by the appropriate regulatory body.

Any breach of the law or regulations will be viewed seriously by the Scheme and may result in the withdrawal or withholding of accreditation.

Any sustained breach of the law or regulations which an accredited provider fails upon reasonable notice to remedy will result in accreditation being withdrawn.
