Summary statement

The British Council inspected and accredited Stay Campus London in August 2018. The Accreditation Scheme assesses the standards of management, resources and premises, teaching, welfare, and safeguarding under 18s and accredits organisations which meet the overall standard in each area inspected (see www.britishcouncil.org/education/accreditation for details).

This private language school offers residential courses in general English for adults (18+) and under 18s and for closed groups of under 18s.

Strengths were noted in the areas of strategic and quality management and premises and facilities.

The inspection report noted a need for improvement in the area of publicity.

The inspection report stated that the organisation met the standards of the Scheme.

Introduction

Stay Campus London (SCL) was originally launched as The Stay Academy and then TSA English, and began teaching in Camden in July 2013. It was based at the Stay Club there, one of three student residences owned by Hallmark Properties Limited. The other two were at Willesden and Colindale, the latter the last residence to open. The Stay Academy was first inspected in August 2014 and accredited after a supplementary inspection in February 2015.

In late summer 2017 the Stay Club outsourced the academic management and staffing of its English language school (by then called TSA English) to another accredited school, and in January 2018 launched the school rebranded as Stay Campus London. The academic management team and teachers at SCL are employed by the separately accredited provider. SCL itself employs the business development manager, the operations co-ordinator who is also the welfare and safeguarding welfare officer, the school marketing co-ordinator, the school administrator and her assistant, and the school liaison officer. The operation of the buildings is managed by the Stay Club.

The Colindale Stay Campus is now the school's main site and offices, with the Camden and Willesden Stay Clubs used only at peak times or for closed groups on request. In 2018 the Camden site was used once only, by a closed group at the end of June and early July, with no plans to use it again until, possibly, July 2019. The Willesden site was used in July only, mainly for groups of younger students.

This inspection by two inspectors took two days. They interviewed the senior consultant, the quality assurance manager, the ELT operations director, the academic director and his assistant, the operations co-ordinator and the residence manager. They observed all the teachers teaching, held meetings with the teachers, some group leaders, and groups of younger and older students. One inspector visited the Stay Club premises in Camden and the other the Stay Club in Willesden.

Address of main site/head office

C/o The Stay Club, 16–18 Charcot Road, Colindale, London NW9 5WU

Description of sites visited

The Stay Campus London (SCL) is located within The Stay Club Colindale residence (address above). The residence, which was completed in 2017, consists of a nineteen-storey tower block above two basement levels. There are nearly 600 ensuite bedrooms for single, double or quadruple occupancy in the tower. The building, in a modern residential area, is close to Colindale underground station with shops and cafes nearby. The school occupies the whole of the first floor with the students' rooms on the floors above. On the first floor is a large reception area and student lounge with a tuck shop, 19 classrooms, a teachers' office, a separate teachers' lounge, a group leaders' room, and toilets for staff, students, junior students and disabled visitors. There is also a multi-faith prayer room, a first-aid room, a meeting room and various management and administrative offices. On the seventh floor is a spacious restaurant/canteen and open terrace area for SCL students and staff and the building's other residents, and in the basement are laundry facilities and a cinema/lecture theatre. The building's 24-hour staffed reception and security desk is on the ground floor.

Willesden Stay Club (5J Nicholl Road, London NW10 9AX) is close to Willesden Junction tube and Harlesden overground stations. The Stay Club is a gated student residence where SCL may use six modern well-equipped classrooms and a teachers' room on the top floor of the four-storey building, which also offers 126 one- to four-bed ensuite rooms with kitchenettes. Full or part-board is available according to the group's choice. There is a 24-hour reception with suitably checked and trained staff.

Camden Stay Club (34 Chalk Farm Road, London NW1 8AJ) is on a busy road five minutes' walk from Camden Town tube station. The part of the building used by SCL is on the lower ground floor of a purpose-built, seven-storey building giving onto a large outdoor courtyard, with seating. On this floor there is a reception/common room area, six classrooms and a teachers' room. On the ground floor is the main reception for the building, a café and a lounge area. Accommodation is available (in studio apartments similar to that in Colindale) on floors accessible by lift. There is a laundry.

Comments

Courses are for general English, with the possibility of examination preparation, and are designed for young learners, the great majority of whom are aged under 18. Almost all students and all under 18s come in groups accompanied by group leaders. Courses typically last one or two weeks, with 15 hours of tuition in the mornings and trips and activities in the afternoons arranged by the group's leaders or by the school. All students and their group leaders stay in Stay Club residences, which have classrooms as well as bedrooms. Almost all courses take place in the summer.

Accommodation profile

There is residential accommodation at the three sites in the same buildings as teaching takes place. The accommodation for SCL is separate from that used by Stay Club guests and is accessed by individual security cards. All rooms are ensuite, have storage space, study tables and a kitchen area (not in use with young students). With easily managed adjustments they can be used as a single with seating area; a twin with two separate beds, or two bunk beds plus seating area; triples and fours with the use of two sets of bunk beds. Young students are accommodated in rooms for either boys or girls in twos, threes or fours. Students from the same group are accommodated together, along the same corridor as the rooms of their group leaders. Adult students are accommodated, usually in single ensuite rooms, on a separate floor. Each residential centre has common rooms, restaurants/cafés and laundry facilities. One inspector saw the accommodation at Colindale and Camden and the other visited the Willesden site.

Summary of inspection findings

Management

The provision meets the section standard and exceeds it in some respects. The management of the provision operates efficiently to the benefit of the students, and in accordance with the provider's stated goals and values. *Strategic and quality management* is an area of strength. There is a need for improvement in *Publicity*.

Premises and resources

The provision meets the section standard and exceeds it in some respects. The premises and facilities at the three centres are modern, attractive and well-equipped, and provide students and staff with a comfortable and professional environment for work and relaxation. A range of learning resources is available, appropriate to the age and needs of the students. *Premises and facilities* is an area of strength.

Teaching and learning

The provision meets the section standard. The academic staff team has a professional profile appropriate to the courses it provides and the ages and needs of its students. Teachers receive sufficient guidance to ensure they support their students effectively in their learning. Courses are structured and managed to provide the maximum possible benefit to the students. The teaching observed met the requirements of the Scheme.

The provision meets the section standard. The provision meets the needs of the students for security, pastoral care, information and leisure activities. Students benefit from well-managed student services, including out-of-class activities and suitable accommodation.

Safeguarding under 18s

SCL is aware of the need to ensure that the provision is equally satisfactory outside scheduled activities, when students are being supervised by their group leaders.

Evidence

Management

Strategic and quality management	Area of strength
M1 There is a clear statement describing the goals and values of the organisation, which	Met

is made known to all staff.	
M2 The management has clear objectives for the future of the organisation and has realistic plans to achieve them.	Met
M3 There is a documented and clearly understood structure for the ELT operation. There are sufficient staff to manage and deliver the provision, and to ensure continuity at all times.	Met
M4 There are effective channels of communication between all involved in the ELT operation, and between the ELT operation and any wider organisation of which it is a part.	Strength
M5 The provider regularly obtains and records feedback from students on all the services offered. Feedback is circulated to relevant staff and appropriate action is taken and recorded.	Strength
M6 The provider regularly seeks and records feedback from all staff on the services offered. Appropriate action is taken and recorded.	Strength
M7 The provider reviews systems, processes and practices with a view to continuing improvement. Appropriate action is taken and recorded in an annual self-evaluation.	Strength

Comments

M4 The channels of communication at all levels are very effective. There are regular and frequent meetings of managers and staff at all levels, and email communication takes place throughout the day. More formal meetings are minuted.

M5 Feedback from students is gathered informally throughout their stay, as well as through initial, end-of-stay and (for longer-stay students) mid-stay feedback forms. Feedback is analysed, communicated to and discussed with relevant staff, and actions recorded.

M6 Staff complete an initial feedback form after their first two weeks, and a staff survey before appraisals. Results of the surveys are shared with staff.

M7 Feedback is analysed every month and used to update the school's development plan. SCL managers also regularly draw on self evaluations and experience from previous inspections to review and improve practices.

student may be asked to leave the course.	
M21 All students and, where appropriate, group leaders and parents/legal guardians, receive information in writing about how to make a complaint.	Not met

Comments

M19 The attendance and punctuality policy is explained at students' induction and their handbook: that 100 per cent attendance is required and the consequences of poor attendance. Within ten minutes of lessons starting, teachers place a green or red card outside the door. A green card indicates all students are present; a red card that someone is missing and gives the absentee's name for the academic team to pursue.

M21 The school's complaints procedure, which is posted in classrooms and on the website, is nearly 200 words long and expressed in unnecessarily difficult language for less advanced students to understand.

Publicity	Need for improvement
M22 All publicity and information is accurate, and gives rise to realistic expectations about the premises, location, and the extent and availability of the services and resources.	Not met
M23 All publicity and information about the provider and the services it offers is in clear, accurate and accessible English.	Met
M24 Publicity gives clear, accurate and easy-to-find information on the courses.	Not met
M25 Publicity includes clear, accurate and easy-to-find information on costs.	Not met

M27 Publicity gives an accurate description of any accommodation offered.	Met
M28 Descriptions of staff qualifications are accurate.	Met
M29 Claims to accreditation are in line with Scheme requirements.	Not met

Comments

The SCL publicity consists of a brochure and a website, both giving descriptions of the school's courses and premises.

M22 Some information is difficult to substantiate or is misleading; for instance, 'Colindale has established itself as the up-and-coming neighbourhood in London' or, for Camden, 'All major universities and London landmarks are less than 10 minutes away'.

M24 Some of the required information is either missing or is hard to find, for instance the maximum class size, the minimum and maximum enrolment ages, and the times of classes for 20-hour courses.

M25 Some information on costs is either missing or hard to find, for instance any leisure programme not included in the course fees, any course-related examination fees not included in the course fees, or the cost of any teaching materials which students are required to buy.

M26 There is no description of the level of care and support given to any students under 18.

M29 The Accreditation Scheme marque used on the brochure is missing the words 'in the UK', although the current correct version is shown on the website.

P6 There is sufficient space for all staff, for meetings, relaxation and the storage of personal possessions, and for teachers to carry out their preparation and marking.	Strength

Comments

P1 All three premises seen are very well maintained, decorated and clean throughout. The decor is modern, stylish and designed to appeal to the youth market the provider seeks to attract.

P3 Space and facilities for relaxation and for the consumption of food at the three sites are good. Student lounges

are attractive and comfortably furnished, and provide a welcoming environment with free Wi-Fi, easy access to hot drinks and snacks during breaks, and pleasant dining areas.

P5 There is good signage at the three centres giving very clear directions to staff, students and visitors.

Noticeboards in common areas are informative, visually attractive, up to date, and fit in well with the general decor, and there is a good provision of noticeboards in classrooms.

P6 There is ample, comfortable space for staff at the three centres. In Colindale there is a teachers' office or workroom for preparation and marking with good access to computing and printing facilities, and a separate teachers' lounge for relaxation with tea and coffee available. There are also rooms for group leaders.

Learning resources	Met
P7 There are sufficient learning resources for the number of students enrolled, appropriate to their age and the level, length and type of courses offered.	Met
P8 There are appropriate resources for teachers, which are adequate in number, accessible, and well maintained and organised.	Met
P9 Any educational technology inside the classroom and elsewhere is well maintained with adequate technical support. Staff receive appropriate training in using the available technology to support learning.	Met
P10 Any facilities provided for additional or independent learning are appropriately equipped and organised.	N/a
P11 Students receive guidance on the use of any resources provided for independent learning.	N/a
P12 There is a policy for the continuing review and development of teaching and learning resources, and evidence of its implementation.	Met
Comments	
P8 Although the teachers very were satisfied with the resources available at Colindale, they indicated that the Willesden centre, which was not operating at the time of this inspection, was relatively poorly resourced. However, they added that the academic director or ELT operations director would bring across additional resources from Colindale if requested.	

Teaching and learning

Academic staff profile	Met

T4 The academic manager/academic management team has an appropriate professional profile to provide academic leadership.	Met
Comments	
T1 One teacher and the assistant director of studies (ADoS) do not have Level 6 qualifications. Rationales for their employment were accepted in the context of this inspection. Both had completed other post-school studies, training or apprenticeships relevant to their present roles.	
T4 The ADoS was not TEFLQ. A rationale for her deployment to this role was provided. Her role is limited to general and academic administrative tasks, student induction and teacher support, especially technical support and lesson preparation. She does not conduct teacher observations. She is supported by the academic director. The rationale was accepted in the context of this inspection.

T24 The content of the lessons shows that the course objectives, the learning needs and cultural backgrounds of the students have been taken into account.	Strength
T25 Lessons lead to relevant learning outcomes, made known to students and achieved through a coherent sequence of activities.	Met
T26 Teaching techniques are appropriate to the focus of the lesson and to the needs of the group and individual learners.	Met

T28 Students receive appropriate and timely feedback on their performance during the lesson.	Not met
T29 Lessons include activities to evaluate whether learning is taking place.	Met
T30 Teachers demonstrate the ability to engage students and create a positive learning atmosphere.	Strength

Comments

T23 Although most teachers provided sound relevant models of spoken and written English, in a few lessons there was inaccurate modelling of pronunciation or spelling.

T24 The content of lessons and many detailed class profiles showed that teachers were aware of the learning needs and cultural backgrounds of their students. In many classrooms the learning activities were well suited to the ages of the students as they involved them moving about.

T26 Most teachers used a range of appropriate techniques including elicitation, prompting, nomination and questioning effectively. A few teachers asked students for explanations of vocabulary or grammar points which were beyond the students' ability to explain.

T28 In a number of the segments observed, teachers failed to correct students' errors where intervention would have benefited the individuals and the whole class.

T30 There was generally a good balance of teacher and student talking; teachers gave clear instructions, varied activities and maintained a good pace. In almost all the classes, there was a positive, purposeful atmosphere with the students interested and fully engaged in the learning activities.

Classroom observation summary

The teaching observed met the requirements of the Scheme and ranged from excellent to weak, with the majority of lessons being good or satisfactory. A few teachers failed to model the language accurately, but the great majority explained and exemplified it well. The content of lessons was appropriate to the age, needs and interests of the students and the course objectives, and there was a coherent sequence of learning activities. More correction would have benefited students in some of the lesson segments seen, but a range of effective teaching techniques was observed, and students were generally engaged in and enjoying their lessons.

Safeguarding under 18s

Safeguarding under 18s	Met
S1 There is a safeguarding policy which specifies procedures to ensure the safety and well-being of all students under the age of 18. A named member of staff is responsible for implementing this policy and responding to child protection allegations.	Met
S2 The provider makes the policy known to all adults in contact with under 18s through their role with the organisation, and provides guidance or training relevant to its effective implementation.	Strength
S3 The provider has written parental/guardian consent reflecting the level of care and support given to students under 18, including medical consent.	Not met
S4 Recruitment procedures for all roles involving responsibility for or substantial access to under 18s are in line with safer recruitment good practice and the organisation's safeguarding policy.	Met
S5 There are suitable arrangements for the supervision and safety of students during scheduled lessons and activities.	Strength
S6 There are suitable arrangements for the supervision and safety of students outside the scheduled programme.	Not met
S7 There are suitable arrangements for the accommodation of students.	Met
S8 There are suitable arrangements to ensure contact between the provider and parents, legal guardians or their nominated representatives concerning the welfare of students.	Met

Comments

Most of the students studying at Stay Campus London are aged under 18. At the time of the inspection there were 70 students aged between 11 and 17 out of a total of 94.

S2 Staff and group leaders are made aware of the policy and their responsibilities, and arrangements for training are good; a number of members of SCL are trained to advanced or specialist level.

S3 Parental consent forms are required to be returned before arrival of the students. Although the content of the form is largely appropriate, it lacks detail about the arrangements for the supervision of the students outside scheduled lessons and activities.

S5 Arrangements for the supervision and safety of students during scheduled lessons and excursions are very good. Teachers accompany the groups on excursions and there are well-considered risk assessments and guidelines for each venue.

S6 Whenever the students are not in scheduled lessons or activities organised by SCL they are supervised within the residential building (in their accommodation) and in any leisure time by their group leaders, not by staff members of SCL. Some groups choose not to take part in any of the out-of-class activities organised and monitored by SCL staff so students may be solely in the care of the group leaders every afternoon/evening and throughout the weekend. At the time of the inspection the arrangements in place were considered to be suitable; most groups were taking part in the organised programmes. However, the arrangements are not made clear in publicity and on the parental consent form, and procedures are not in place to ensure that the number of accompanying group leaders is sufficient and that group leaders are given appropriate information and guidance: for example, risk assessments and guidelines for the activities they plan to do with their students.

Declaration of legal and regulatory compliance

D1 The organisation certifies that it operates at all times in accordance with the declarations in the *Declaration of legal and regulatory compliance*.

The Accreditation Scheme requires accredited providers to comply with all applicable laws and regulations. Providers must take steps to ensure that they are aware of, and comply with, all existing and new legal requirements.

On initial application and annual renewal of accreditation, providers are required to confirm that they are complying with all applicable laws and regulations.

Inspectors will check a random sample of items during inspection, in relation to criterion D1; if they find evidence of a breach of statutory or other legal requirements, the provider will be required to submit evidence of compliance confirmed by the appropriate regulatory body.

Any breach of the law or regulations will be viewed seriously by the Scheme and may result in the withdrawal or withholding of accreditation.

Any sustained breach of the law or regulations which an accredited provider fails upon reasonable notice to remedy will result in accreditation being withdrawn.

Comments

D1 The items sampled were satisfactory.
