| Project Title Support to curricular reform in Croatia | | | |
| EU Project Reference REFORM/IM2020/022 | | | |
| Project Summary All schools within the Croatian education system have been working with the new national curriculum since the school year 2019/2020. One of the objectives of the comprehensive curriculum reform includes the development of a coherent model for internal and external assessment which is aligned to the new curriculum. This project aimed to address this objective. The expected long-term impact of the project is to contribute towards the successful implementation of curricular reform in Croatia. Specific project objectives/outcomes: <ol style="list-style-type: none"> 1. Croatian assessment experts and mentors develop a better understanding of how assessment of learning can align with the learning outcomes set in the new curriculum. 2. Croatian assessment experts are prepared to design assessment of learning outcomes in Matura, and mentors are prepared to support teachers in designing and developing quality assessment of learning. 3. Officials at the Ministry and the National Centre for External Evaluation of Education are advised on reforming the system of external assessment, including on preparing for e-assessment. | | | |
